GOOD JOB ROTARIANS

SARAH'S MESSAGE TO ALL OF US

Hello everyone,

I wanted to thank all of you for your efforts this past weekend. It seems we did well. On Friday night Carrie, Joanna and I had a goal of \$300 to \$500 dollars profit from this event and it seems like we met the lower end of the goal, so congratulations to all.

Thank you for your time, donations and willingness to help out. I was really happy with the way we all pulled together to make this event as successful as it was, even with the short planning. I was also impressed with the amount and quality of the donations we received. For me this event was important just to do and see what the outcome was, rather than spend a lot of time planning it.

Annie has offered her house next weekend as well to continue this project. Please let me know, before Wednesday, what times you will be available to help out next weekend. Also, if you have more donations that would be great too.
